**Experience a “Suite” Expedition**

Map showing the route from Maun to Zarafa Camp, Moremi Game Reserve, Mpaia Jena Camp, and Victoria Falls (Zambezi National Park) with dates for each destination:

- **Day 1-3**: Duba Plains Camp, Okavango Delta, Botswana
- **Day 3-5**: Zarafa Camp, Selinda Reserve, Botswana
- **Day 5-7**: Mpaia Jena Camp, Victoria Falls (Zambezi National Park)
DAYS 1–3
DUBA PLAINS CAMP, THE OKAVANGO DELTA

THE OKAVANGO DELTA
The placid waters and lush indigenous forests offer a safe haven for innumerable bird and wildlife species. The renowned Duba Plains Camp sits in the heart of classic Okavango Delta habitat. A matrix of palm dotted islands, flood plains and woodland, the 77 000-acre private concession typifies the region’s unique landscape. Many consider Duba Plains to be the Okavango’s Maasai Mara because of the sheer volume of wildlife.

Duba Plains prides itself on its extraordinary wildlife experiences with reliable sightings of lion, buffalo, red lechwe, blue wildebeest, greater kudu and tsessebe. Elephant and hippo trudge through the swamps and leopard, and some nocturnal species, can be sighted as well. Birds abound, and the area is a birder’s paradise. Okavango ‘specials’ include the rare wattled crane, Pel’s Fishing owl, white-backed night heron and marsh owl.

Great Plains Conservation is the only operator on the concession, offering guests the ultimate opportunity for private wildlife sightings.

DUBA PLAINS CAMP
2 nights at Duba Plains Camp in the Duba Plains Suite on a full board basis.

The Duba Plains Suite is an exquisite, intimate, two bedroom tented villa located on the 77 000-acre Duba Plains private reserve. This is an area tucked into pristine wildlife habitat at the base of the Okavango’s Panhandle. There is simply no other safari experience like this in the Okavango Delta.

The Duba Plains Suite is designed to fit into the landscape taking advantage of the shapes and textures of shade but also evoking a classic African safari style of the 1920’s, whilst balancing that delicate relationship between personal, informal, romance and adventure.

Entirely raised up on recycled railway sleeper decking, guests are offered amazing views of the surrounding floodplain.

The area prides itself on its extraordinary wildlife experiences and intimate exposure to the best of the best wildlife from lion, leopard, elephant, buffalo and everything in between. Duba Plains is also known for interesting Kalahari species like Aardwolf and Pangolins.

Great Plains Conservation is the only operator on the concession, thereby offering guests the ultimate opportunity for private wildlife sightings. The heart of the Duba Plains Suite is a centrally located indoor dining area flanked by two lounge seating areas. Whilst there is a central deck, each of the two large bedrooms also have their own private veranda ad provide swimming pool. Each one beautifully appointed with en-suite bathrooms as well as indoor/outdoor showers and luxurious bath. Careful tent design, ceiling fans and an environmentally friendly air-conditioning system over the bed, maintain a comfortable climate for rest and relaxation.

Guests of the Duba Plains Suite automatically enjoy the services of a private wildlife viewing vehicle, private guide, host and chef.
DAYS 3 - 5
ZARAFIA CAMP, SELINDA RESERVE

THE SELINDA RESERVE

The Selinda Reserve is a 320,000-acre private concession in northern Botswana at the crossroads of some of northern Botswana’s most prolific wildlife areas; upstream from Savute Channel and Chobe National Park and north of the expanding reaches of the greater Okavango Delta. This unique position gives it the advantages of both of these famous areas but with the tremendous advantage of exclusivity. It is a truly spectacular and varied landscape that boasts staggering wildlife populations in diverse habitats year-round.

Home to some of the classic species, such as leopard, lion, elephant, buffalo, red lechwe, zebra and giraffe, it is also a refuge for some of the more uncommon species such as African wild dog, cheetah, roan and sable antelopes. And for birders, it will not disappoint. The African skimmer colony is a highlight, as are the antics of the black egret on the shores of Zibadianja Lagoon. From camp, hippos are visible in the lagoon and elephant wander through regularly.

ZAFARA CAMP

3 nights at Zarafa Camp in the Zarafa Dhow Suite on a full board basis.

Zarafa Camp is an intimate, four room exquisite tented camp located on the 320,000-acre Selinda Reserve in northern Botswana, an area linking the Okavango Delta and the Chobe/Savute corridors. Its villa, the Dhow Suites, consist of two tents and private main area and operates entirely independently of main camp. Few camps rival the location of this little gem, Botswana’s first and only Relais & Chateaux property. Overlooking the crystal waters Zibadianja Lagoon, the source of the famous Savute Channel, every area of camp has a magnificent view. The lagoon is also the water source for a tremendous population of wildlife – dry season sightings boast buffalo and elephant by the hundreds.

Zarafa Camp and Dhow Suites are the brainchild of the founders of Great Plains Conservation, who pooled their collective experience on safari to create what they deemed to be the best and most environmentally innovative camp. As a consequence, Zarafa may in fact be the “greenest” luxury safari camp on the continent. Only recycled hardwoods and canvas were used in the construction and all the camp’s electricity comes from its solar farm while a ‘bio-gas’ system recycles vegetable waste into usable cooking gas.

The Zarafa Camp guest tents, 1000 sq. ft in size are under beige, flowing canvas, with canopy ceilings and completely open (yet netted) sides.

Entering through the heavy wood Lamu door transports guests to a lavish space of deep reds, browns, brass and copper, evoking richness and beauty. Each tent has a full lounge and a gas fireplace. The large bedroom is connected to an open layout bathroom with impressive copper claw foot bath, indoor shower, separate loo and double basins.

Decking around the tent leads to the private plunge pool and outdoor shower, all with views of pristine Botswana wilderness. Under an impressive canopy of African ebony trees, the camp has a sizable main lounge, with adjacent library and dining area. Zarafa has succeeded in successfully in retaining a clearly African feel, while balancing that delicate relationship between personal and informal and romance and adventure. With a maximum of just eight guests, Zarafa Camp offers complete flexibility.

While drives do focus on the most comfortable and productive times of day, early morning and late afternoon, full day drives, walks and boating (water level dependent) are great ways to fill the day at Zarafa.
Zambezi National Park is a national park located upstream from Victoria Falls on the Zambezi River in Zimbabwe. It was split off from Victoria Falls National Park in 1979 and is 140,000 acres in size. The park is bisected by a road to Kazungula, dividing it into a riverine side and a Chamabonda Vlei side. Most of the park is within the ecoregion of Zambezian and Mopane woodlands, while a small portion in the south is within the Zambezian Baikiaea woodlands.

The Zambezi National Park plays host to a wide variety of larger mammals including African elephant, lion, Cape buffalo and leopard. In addition to these charismatic members of the “big 5” there are herds of sable antelope, common eland, common zebra, Southern giraffe, greater kudu, waterbuck and impala. In addition, many species of smaller wildlife can be seen here.

Over 400 species of birds have been recorded within the Zambezi National Park. Pel’s fishing owl, African skimmer, collared palm thrush, lanner falcon, goliath heron, African finfoot, rock pratincole and long-toed lapwing are considered to be among the speciality birds of the park. Aside from birds and land animals, there are 75 species of fish located in the park, including the famous tiger fish.

MPALA JENA CAMP

2 nights at Mpala Jena Camp in the Mpala Jena Suite on a full board basis.

A perfect, idyllic location to retire to when one has exhausted the myriad of activities available to safari goers in Zimbabwe’s Victoria Falls.

The Mpala Jena Suite is an exquisite, private, and exclusive, two-bedroom suite, located on a private concession within the Zambezi National Park.

Overlooking a beautiful stretch of the Zambezi river, the suite is elegantly positioned under the dappled shade of a mixture of indigenous trees.

The Mpala Jena Suite is named after the natural spring-line which runs through the centre if the concession, and also means, “White Impala”, following regular sightings of a “ghost-like” albino impala in the late 1970’s.

A private residence, the Mpala Jena Suite is under beige flowing canvas with canopy ceilings and open (yet netted) views of the Zambezi River. Moroccan style influences permeate the décor. There us a central private lounge and dining area with the spacious bedrooms on either side offering en-suite bathroom facilities including an impressive bathtub and indoor shower. Decking in front leads to a private plunge pool and camp-fire area with views of the calming and peaceful flowing waters.

The Mpala Jena Suite has been created to be the most environmentally innovative camp within the Zambezi National Park, achieved through the use of only recycled hardwoods and canvas in its construction and ensuring all the camp’s electricity needs come from solar.

Healthy and ever-increasing population of wildlife species abound, with higher concentrations of buffalo and elephant from June through to October.

Bird watching is good throughout the year, with a higher diversity of species during the months November through to April.

The property is conveniently located 16 kilometres inside the Zambezi National Park which makes for easy access to Victoria Falls town and the wide range of activities there, but far enough away from the hustle and bustle that guests can relax and enjoy the incredible setting and wild habitat of Zambezi National Park.
